Are You Having Trouble Locating Hard-to-Find Material?

Put Ed Fagan Inc.'s Material Locator Service to Work for You!

Are you having trouble locating hard-to-find, exotic, or special purpose metals, alloys, or material? Is your material requirement too small to be of interest to the big producers? Look to Ed Fagan Inc. and our Material Locator service. We'll use our buying power and expertise to source the materials you need.

Since 1965, Ed Fagan Inc has supplied specialty metals, alloys, and hard-to-locate materials to high technology industries such as:

- Aerospace & Aviation
- Analytical Test & Measurement Equipment
- Automotive
- Ceramics
- Defense
- Electronics
- Heat Treating
- Industrial Equipment
- Lasers
- Lighting
- Magnetic
- Medical
- Microwave
- Optronics
- Petrochemicals
- Telecommunications

We have long relationships with the manufacturers of materials for these industries, and we are experts in sourcing all kinds of materials. EFI maintains a broad inventory of the highest quality glass sealing, controlled expansion, electrical, electronic, soft magnetic, magnetic shielding, refractory metals and alloys including material from, ThyssenKrupp VDM, Carpenter Technology Corp., and Plansee. We stock these materials in the forms and conditions you require including sheet, plate, coil/strip, rod, bar, wire, and foil. When you need standard stock materials quickly, we can have it shipped within 24 hours, and all materials can be certified with shipment. If you're looking for something that we currently do not stock, we will contact our sources and try and locate it for you. And we have three locations to serve you – Franklin Lakes, NJ, Los Alamitos, CA, and Devon, UK.

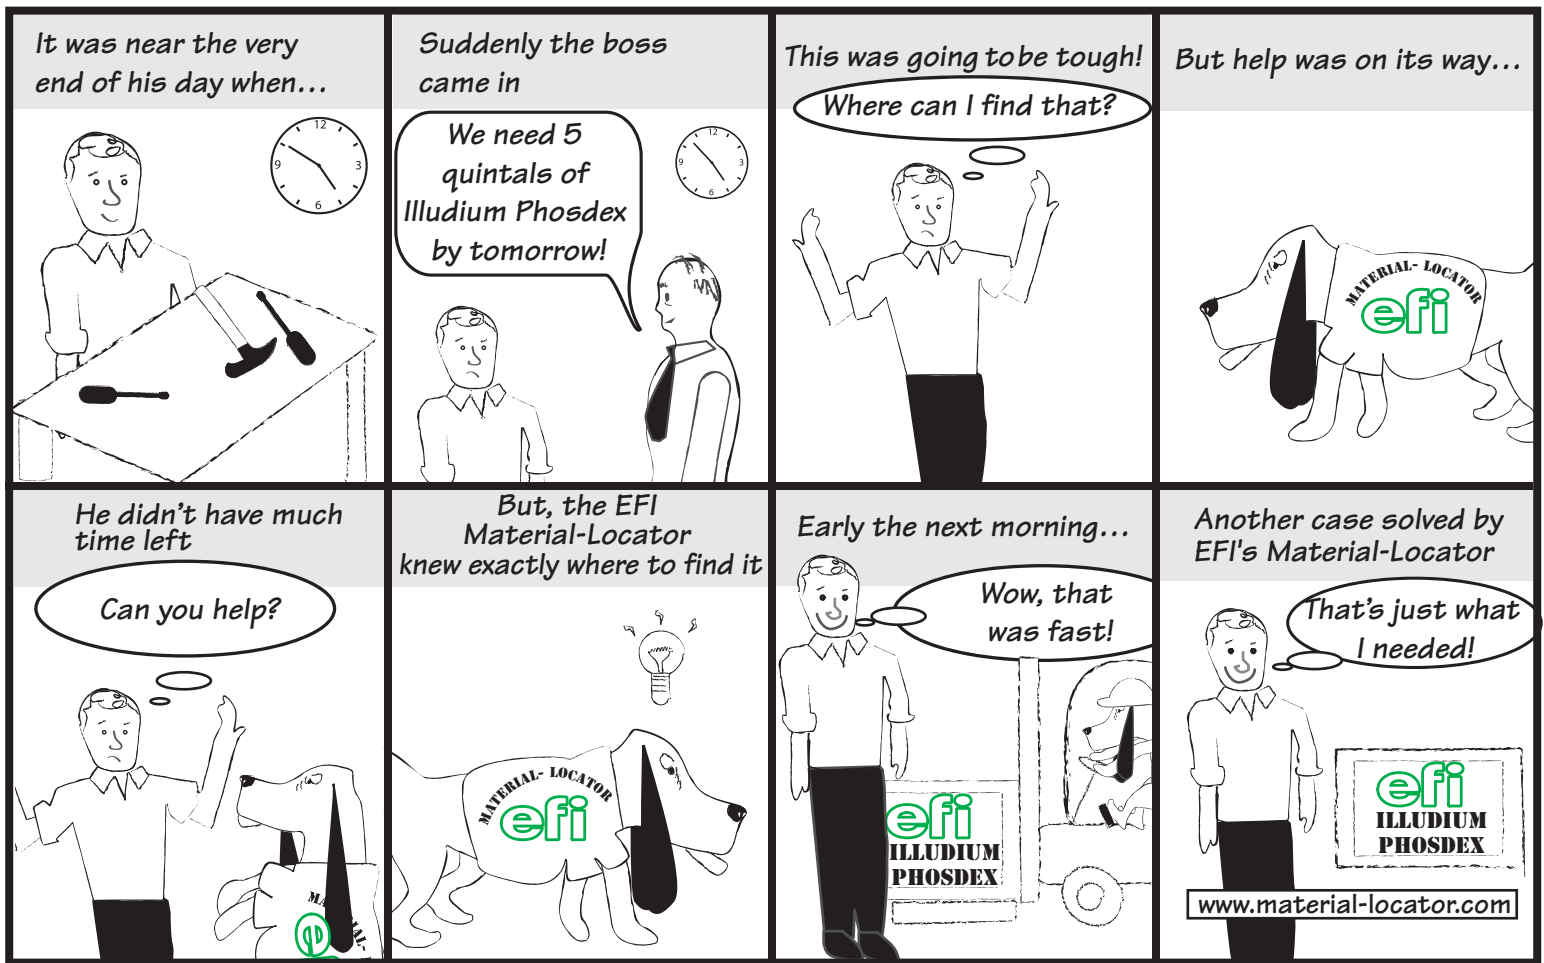

EAST: 769 Susquehanna Avenue, Franklin Lakes, NJ 07417 • phone 201.891.4003

WEST: 10537 Humbolt Street, Los Alamitos, CA 90720 • phone 562.431.2568

EUROPE: Unit 3a South Hams Business Park, Churchstow, Kingsbridge, Devon UK, TQ7 3QH • phone +44 (0) 1548 858 770

Nationwide Toll Free: 800.348.6268 • www.material-locator.com

THE MATERIALS YOU NEED, WHEN YOU NEED THEM

Our specialty is solving the inventory management for our customers. When you have a technical problem relating to a Controlled Expansion, Magnetic, Refractory or other high-tech material application, our in-house experts can help you solve your problems.

EFI's formula of high quality products and ISO Certified, world class service has differentiated us in today's competitive market. So if you can't locate that hard-to-find material you've been looking for, put EFI's material locator service at www.material-locator.com to work and find the materials you've been looking for.
